Change or Die!

- Provision of services that delight customers
- Entering emerging IT market

Become full partner to customers

Shake off habitual subcontract

threat

Reduction, deferment and freeze in IT investment

Priorities for achieving growth

Enhancement of strength

Integration of Services

- know-how of systems operation and management
- on-site development and maintenance

threat

Commoditization

Reinforce the foundations

Response to new trend

Cloud computing

- IT industrialization
- dissemination of private cloud

Taking advantage of new market

Cooperation with Chinese Bases

- take advantage of an emerging market
- provide high-quality solutions
- form ties with the local corporation

threat

Downward pricing pressure from offshore production

Fostering of human resources

Decline in popularity of IT industry as career choice

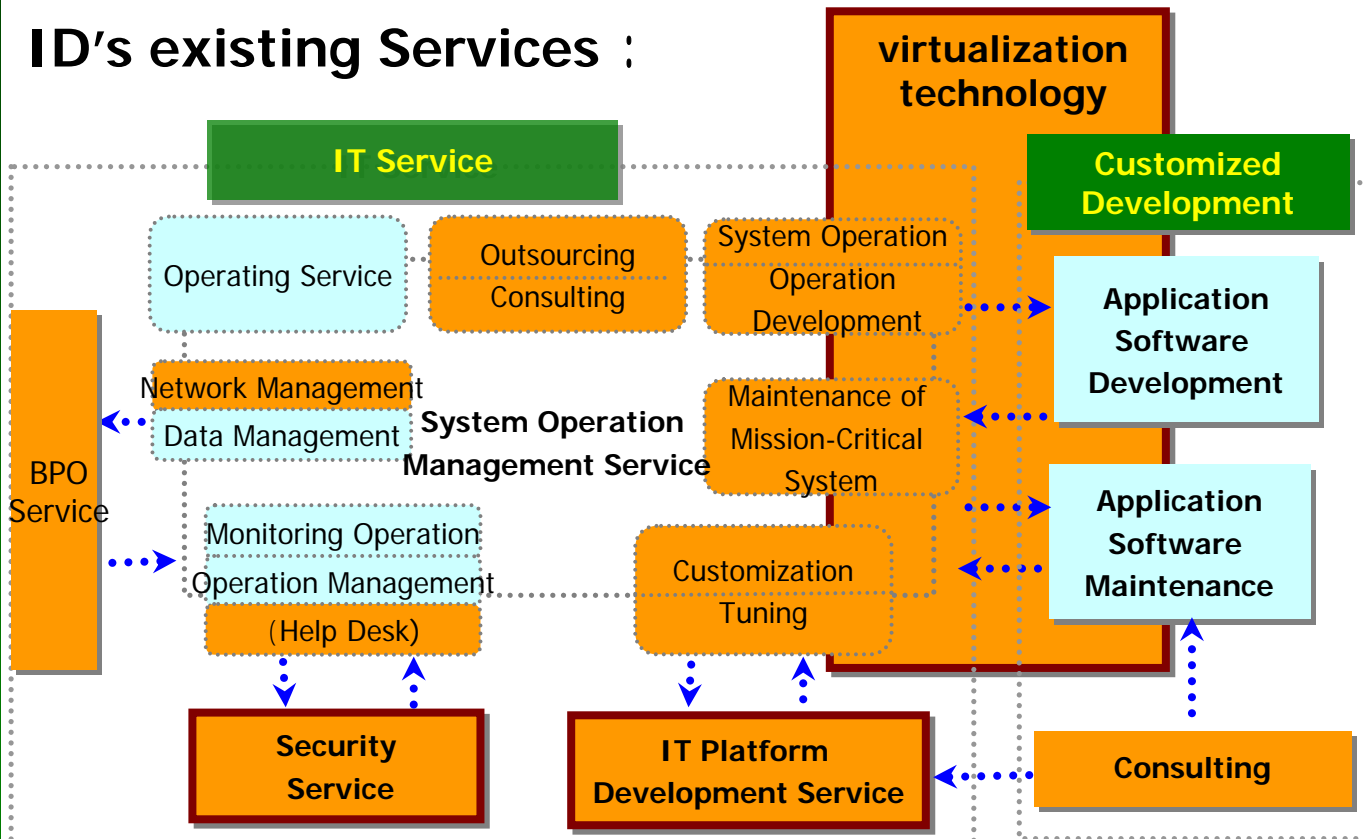

threat

Change or Die!

Integration of services with the rise of cloud

Change or Die!

ID's existing Services :

New services

SaaS development

Industry service

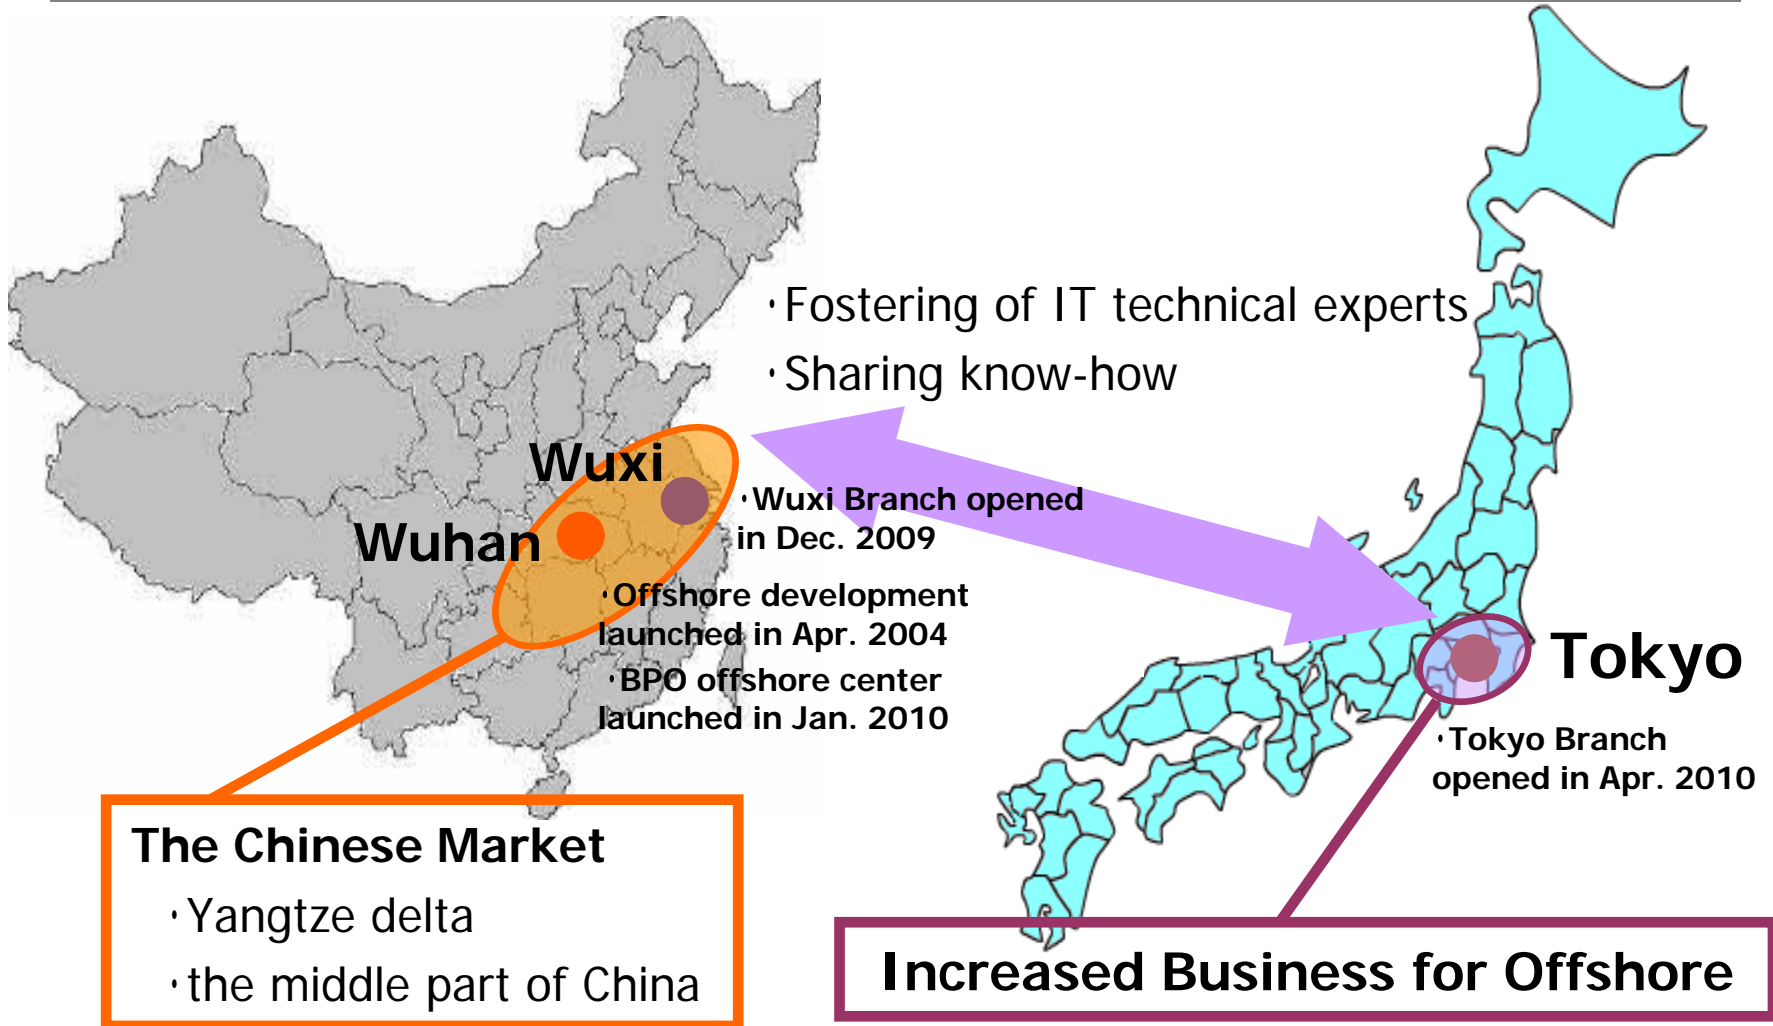

Operations service

M&A

- Service increased by automation · integration
- Service decreased by automation · integration
- Important service and technology with the rise of cloud

Fully utilizing offshore development for core business and exploitation of the Chinese market

Change or Die!

Promote BOO* strategy to expand services for existing customers of ID Group

*BOO strategy: An acronym for business operations outsourcing, BOO is the strategy of providing integrated upstream to downstream services.
